MacIntyre Hudson Opens Doors with Morison International

MacIntyre Hudson, the Top 20 UK accounting and business advisory firm, will today be joining Morison International, the global association of independent professional services firms. MacIntyre Hudson replaces Tenon as the only UK member firm of the association.

Howard Lewis, Principal at MacIntyre Hudson, will be the firm's International Liaison Partner with Morison International, representing the firm on the MI European and North American Board of Directors. MacIntyre Hudson joins MI from CPA Associates International (CPAAI) where Howard served as both Chairman of the CPA EMEA region (2003-2006) and as International Chairman (2006-2007). Rakesh Shaunak, Principal and member of MacIntyre Hudson's Management Board will be on the Morison International Board.

Howard comments, "Becoming part of the Morison International association is an exciting opportunity for MacIntyre Hudson, not least because we were chosen over several other firms as the replacement for Tenon, following the RSM Bentley Jennison merger. We feel this really shows how our name and reputation has grown in the market over the last few years.'

He continues, "We were excited by Morison International's expansion plans and what this would mean for us in terms of accessing new opportunities within the global marketplace. This will also support plans in the UK, where we are looking to substantially increase our national presence as well as the size of work we are able to attract. Despite the difficult economic climate, we have achieved a 54.5% growth since 2004, and added a range of cutting edge services and industry expertise to our client offering."

Jean-Pierre Larroze, Chairman of MI, Said, "We conducted a thorough review of the UK market, and held in-depth discussions with a number of strong potential candidates, but felt that MacIntyre Hudson's profile provided an excellent fit with MI. In addition, the considerable interest shown by a number of high quality UK firms in MI reflects very positively on our standing in this important market and beyond."
